

THE ALLEGRO WAY

OUR PURPOSE

We deliver commodity management innovation so our customers can provide the energy, fuel, food and transportation critical to the global economy.

OUR PROMISE

Allegro is the nervous system for your commodity business - uniting the financial and the physical, your desks and departments, and the counterparties throughout your value chain. You can trust Allegro to connect you to the information and experts you need to make profitable decisions.

PASSIONATE PEOPLE

Passion to learn, to solve problems and to serve. Allegro humans don't quit. Ever.

CUSTOMER VIEW

We look at the world through our customers' eyes - their problems, their needs and their values.

BUILT FOR YOUR BUSINESS

We'll never force you into a one-size-fits-all solution. We meet you where you are, regardless of industry or desk.

INNOVATIVE

We've been leading the market in solutions, architecture and usability for more than 30 years, and we don't intend to stop.

OUR VALUES

COMMUNITY

Customers, partners and family work together in balance

PASSION

Never quit - never, ever, ever, ever quit

HUMILITY

Check our egos at the door, with no pretense for roles or titles

INNOVATION

Always strive to create a better way, every day

EXPERTISE

Seek knowledge in our market, domain and functional area

PRINCIPLED

There is no right way to do the wrong thing
